REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record Benito et al (Planta Medica) teach antiinflammatory properties of Hapagocide and also mention that Harpagide had no significant effect on TXB₂ release. Benito et al also mention that results of anti-inflammatory properties of iridoids are inconclusive. Even though Lichti et al mention a composition of Harpagide in methanol in the conversion Harpagocide to Harpagide, the said composition is not in the range as instantly claimed. The method of treatment of arthritis, osteoporosis and ruptured disc and the pharmaceutical composition containing Harpagide as instantly claimed is neither taught nor fairly suggested by the prior art of record.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Any inquiry concerning this communication should be directed to James O. Wilson,
Primary Examiner in Art Unit 1623 at 571-272-0661.
